This year's Annual Staff captured the highlights of the 1981-82 school year and put them all together in this annual. We worked hard, studied throughout the year and played hard, but; this WILDCAT annual brings only a peek of the spirit we all had this year.

DEDICATION

GINGER and TIM CHANDLER

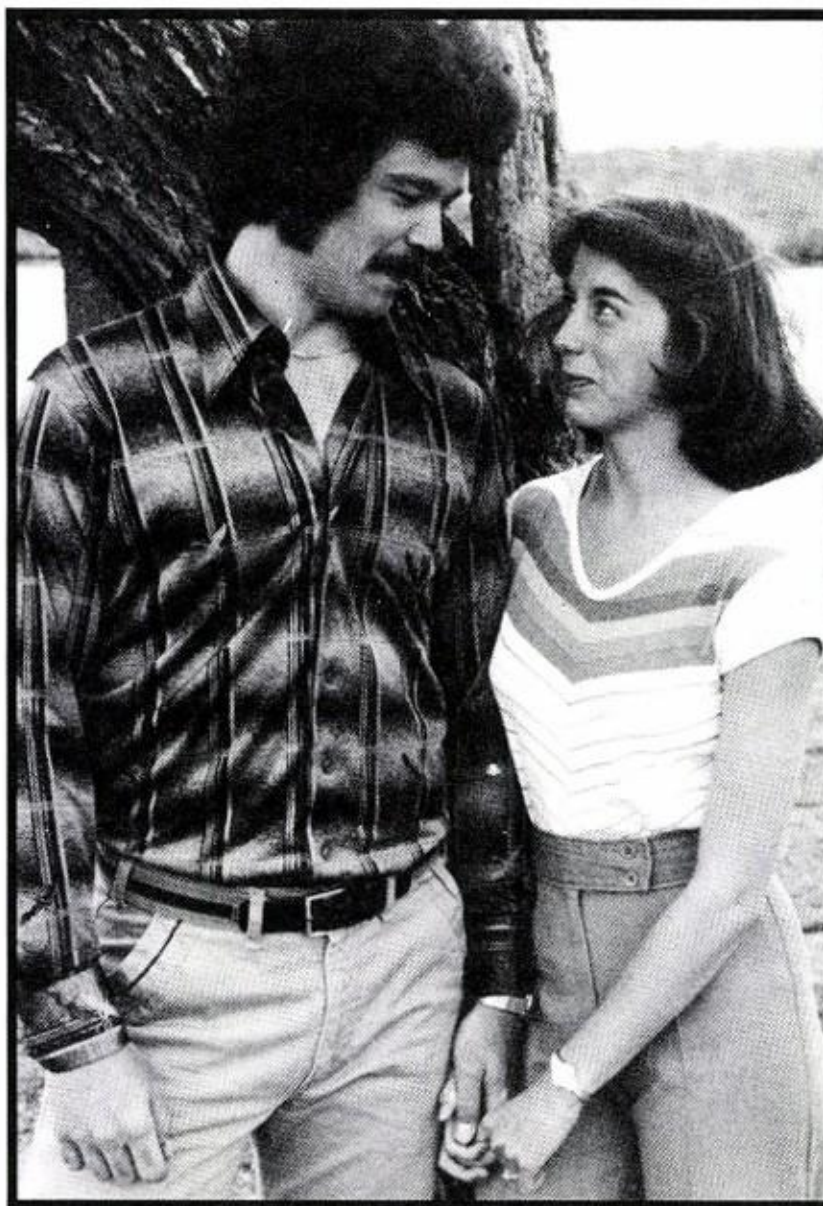

Ginger and Tim,

You have gone through so much with us this year, from taking pictures, developing film, to arguments with companies and from one company to another getting things straightened out. You were always there when we had things blown completely out of proportion. Meeting our deadlines was a chore in a half, but you were always there to help us out.

We have grown to love you very much for being so helpful and kind to us. We really do appreciate all the hard work and patience.

This dedication is our way of showing our thanks to you!

LOVE ALWAYS,
YOUR ANNUAL STAFF

Homecoming Week . . .

The Football Game

A good athlete has to have a love for competition and be competitive in his or her field of sports. An athlete should be able to take constructive criticism, with the intelligence to improve their abilities through dedicated work. They need a positive attitude for winning. A good athlete is not selfish, team work is required from all the teammates if they are to win and enjoy winning. A good athlete sets a goal and strives to achieve that goal. Show me a good athlete and I will show you leaders and leaders of the world.

EFFORT and DETERMINATION make WINNERS

Harlem Travelers Vs. Water Valley Exes

Brad Barnett — The senior year was the best year of my life. At the first of the year I was glad it was my last year, but now I wonder. The year has had its ups and downs. I enjoyed meeting a new person this year. I guess one of the best things about being a senior is the feeling of power.

Becky Bowling — The best part of senior year is knowing that I can look back on this year as my best.

Susan Charlesworth — I like the feeling of being the oldest and having some authority. The most exciting part of the year was when I was chosen Homecoming Queen. The most embarrassing part of the year was during a basketball game. I forgot to dribble and instead just ran down the court with the ball.

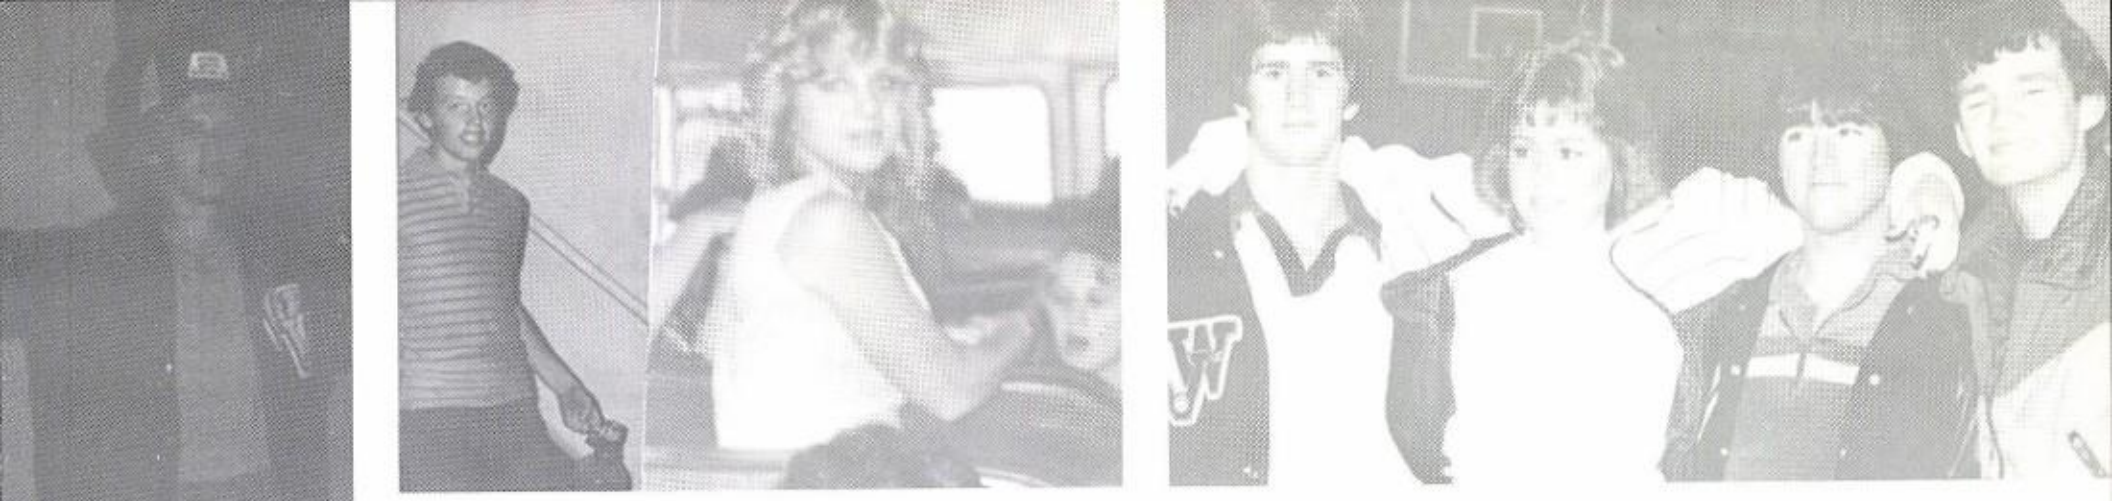

Rick Doss — My senior year was enjoyable as well as exciting. At Water Valley, we have made many advancements. Our sports program was a great one. I think that every athlete has learned a valuable lesson this year. My senior year will be one that I will never forget.

Jamie Doty — Our senior year was special. We had a lot of fun together, and this is probably the last time we will spend together. I just don't know what the rest of our lower classmen are going to do without us to get a party started. A little advice — party 'till ya puke!

Raymond Ervin — I guess the best part of my senior year was getting to meet all of the people. When I came to Water Valley, everyone made me feel as though they had known me all my life. It has been a lot of fun being a senior with this class. Good luck to everyone!

Randy Fontenot — The best part of my senior year was playing football. I have learned that if you stick together, you can get through the pain and tears. There is only one way to get through it though, with friends.

Barry Gauwain — I will remember all the benefits of my senior year, I will always remember my classmates. I like the changes that are being made at the school. These changes will benefit my little brothers because they will be here to see and enjoy them.

Matilda Gonzales — The best part of my senior year was knowing that it was my last year of school, and yet having the chance of sharing great times with great friends. I will always treasure the memories of my wonderful classmates whom "I Love."

Pete Guiterrez — The best part of my senior year was playing football. I hope the team will do better next year because they deserve to. I have really enjoyed being around all of the students at school.

Jenny Pierce — The best part of my senior year was the joy of sharing all my happy moments with close friends, and also knowing that I can look back on this year as some of my best times and memories.

Tammy Puckett — The thing I like best this year was our senior class. We were finally able to get along and grow closer to each other as brothers and sisters. Through it all, I love my classmates as well as our sponsor, Ms. Herridge. She has gone through so much with us, and I don't see how she can still be here. I've enjoyed volleyball and basketball this year. Just a word to everyone, gonna miss ya when *I'm Gone!*

Wendell Ramsey — This is one of the most memorable years of my life; yet, it all came and went so fast. What I would give to do it over again! My classmates are one of a kind, and I wouldn't want to share my time with anybody but them. They have been so good to me, and I love them all. God bless the seniors of 1982.

Jeff Smith — I guess the best thing that has happened to me this year is just getting to know the people. When you think about it, all the people in your classes are a part of your life. I really love each and everyone of them. I know we have all fought and argued, but that is also a part of life. My senior year will always be a memory I will carry in my heart. God bless everyone.

Steve Sughrue — The favorite thing about my senior year is our sponsor, Ms. Herridge. I have enjoyed having her as a class sponsor. I have also enjoyed the seniors just being my friends.

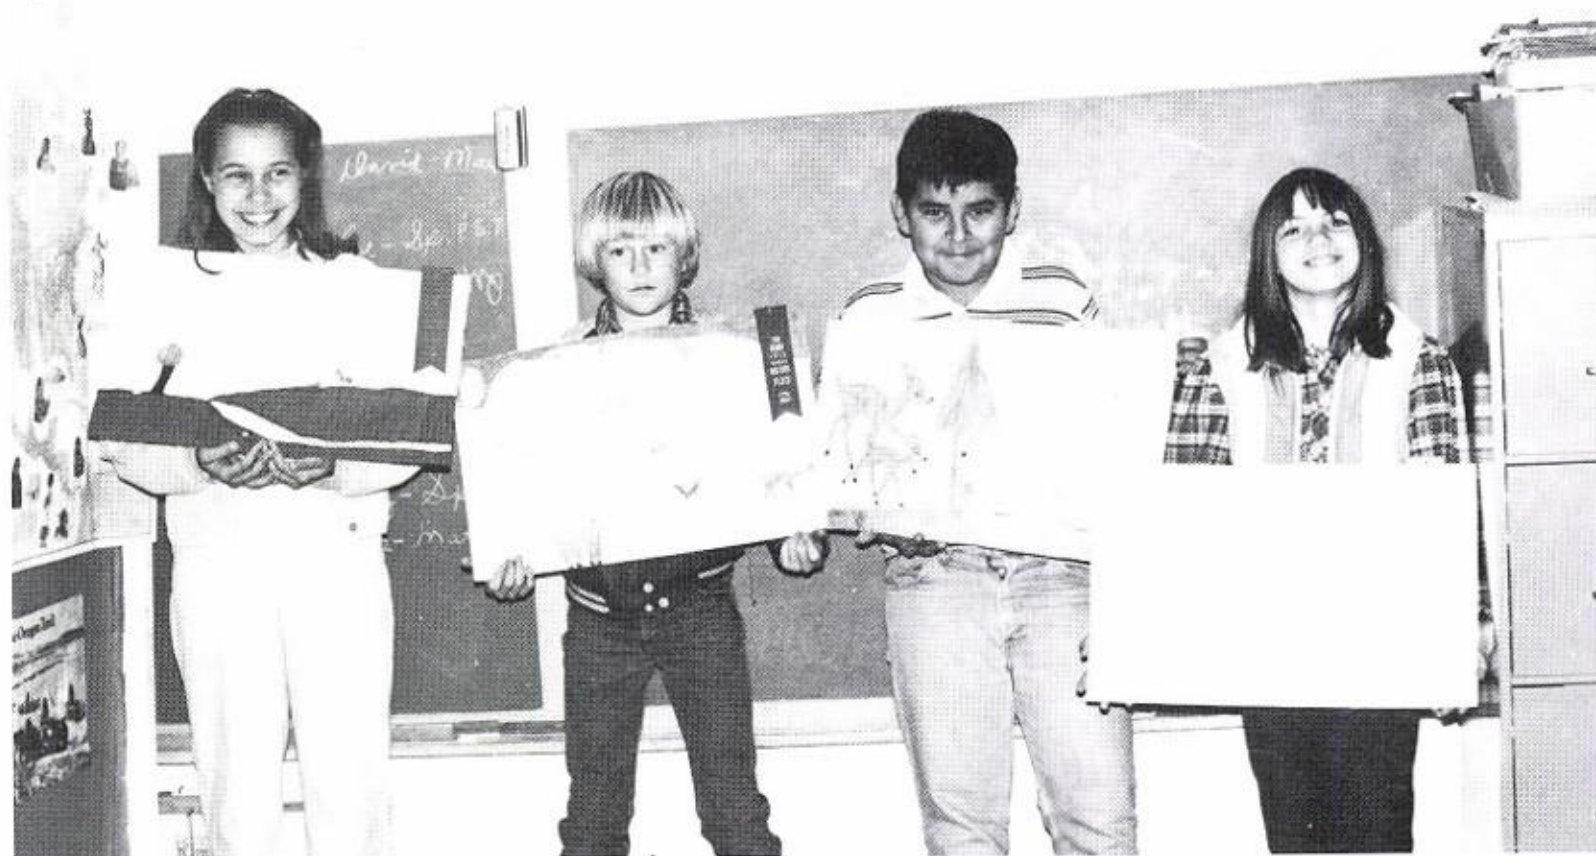

Johnny Taylor — The best thing about this year is — Getting Out!

Did you get a whistle?

Posing for the camera??

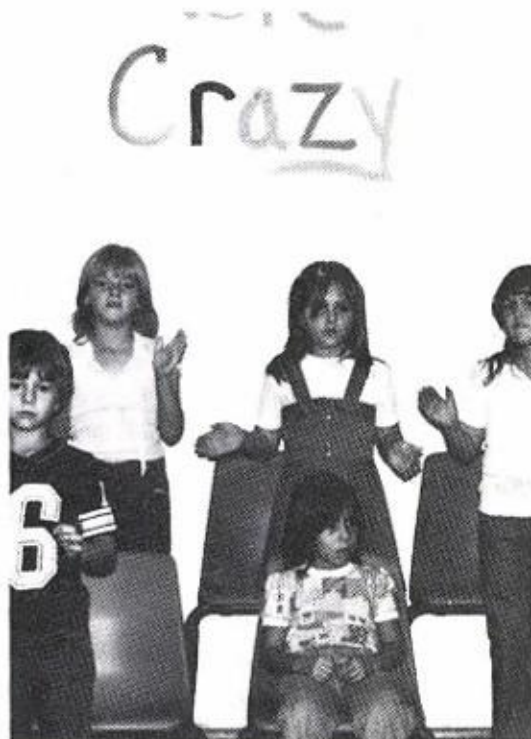

Isn't he handsome?

She's picking her nose.

Can't see.

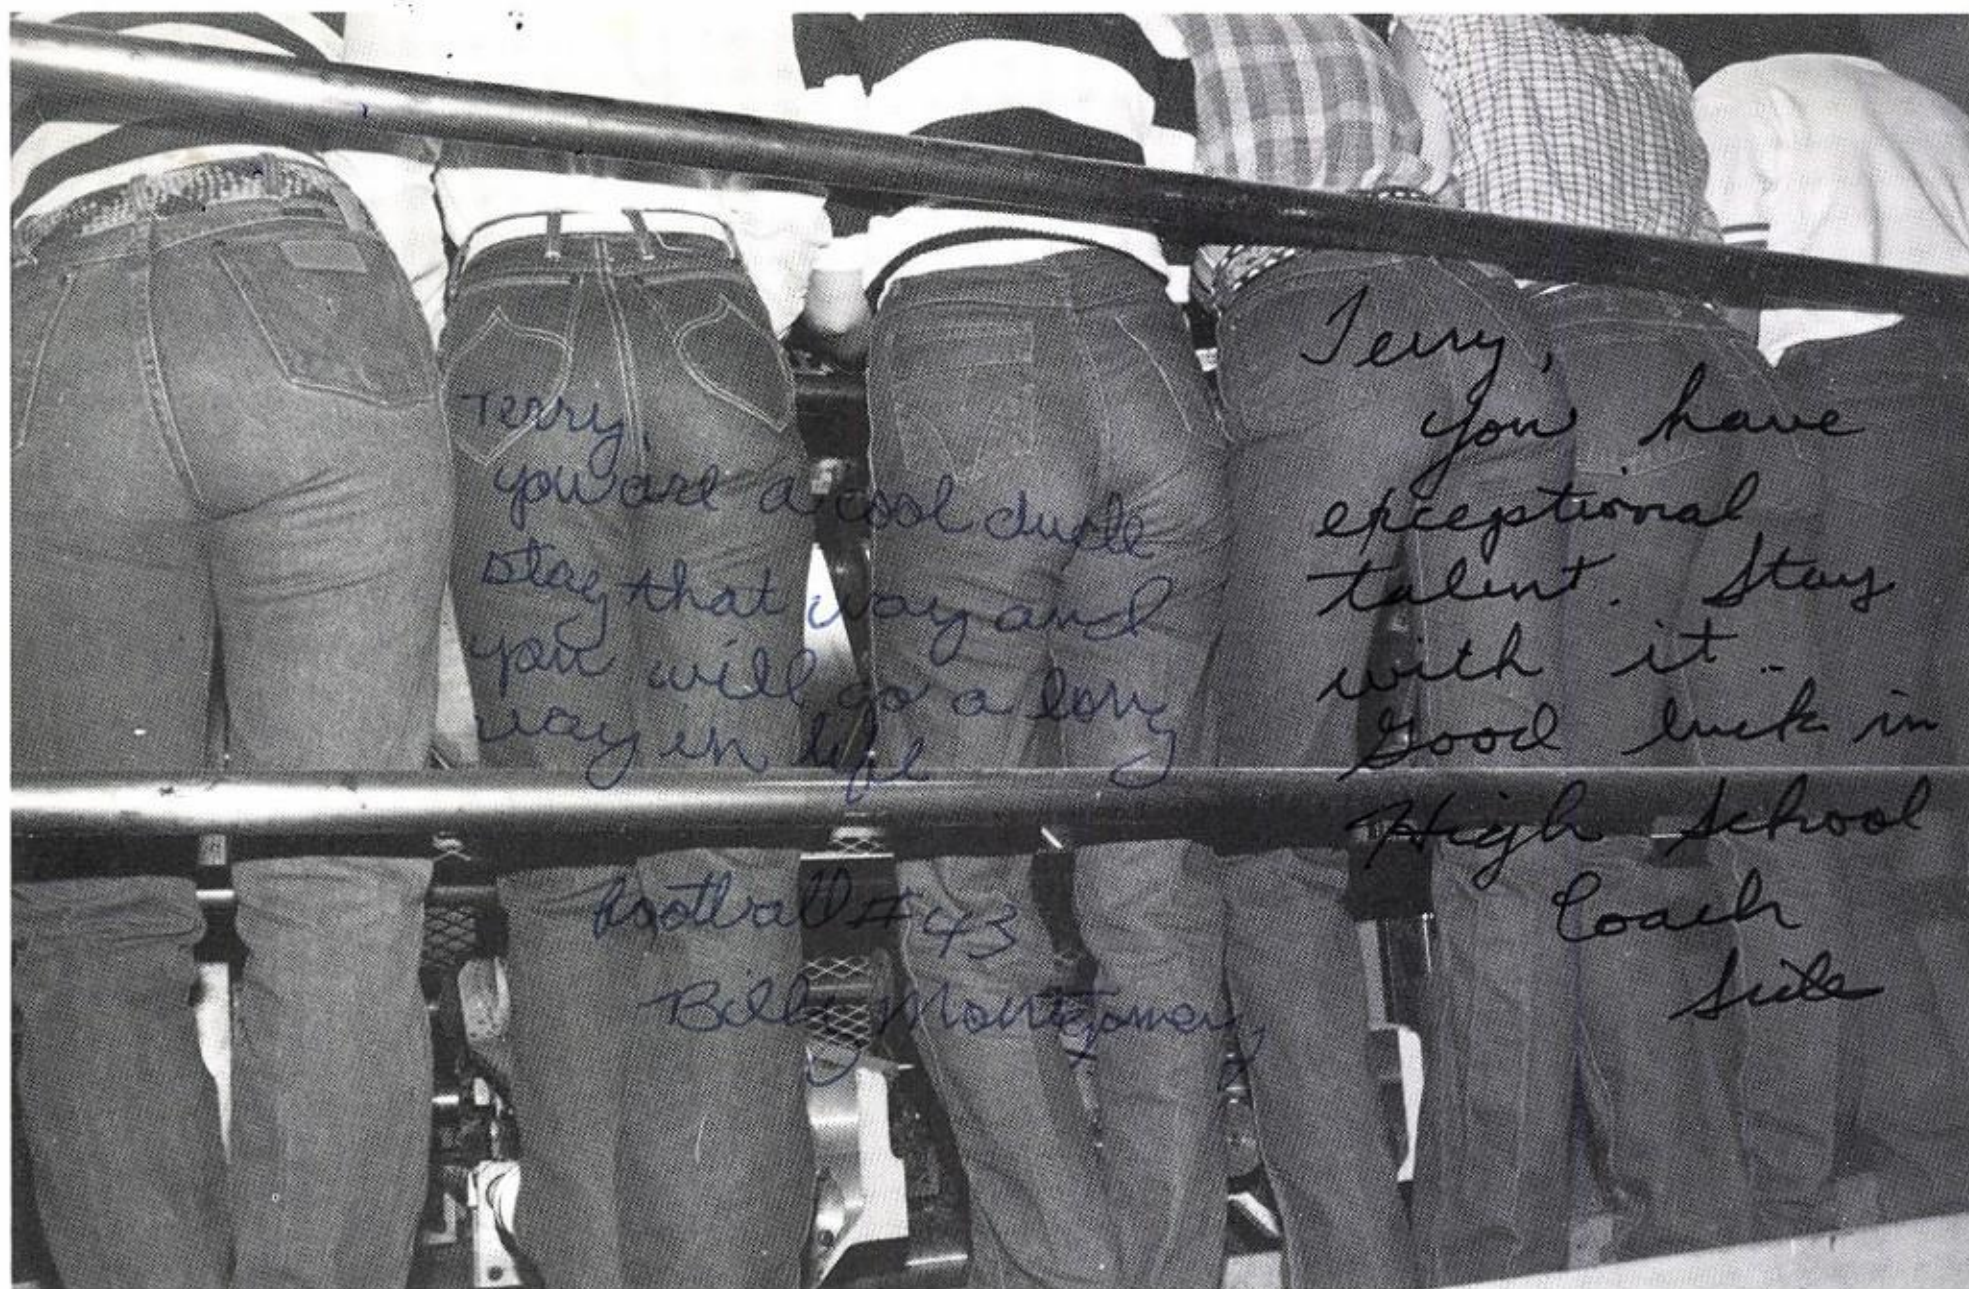

You said it kid.

Hey, you . . .

We're having a nicotine fit.

The Annual Staff wants to say a few words of what it has been like this year for us. We want to thank Ms. King for her talented contribution in designing the yearbook cover. We also want to show our appreciation to Miss Fincher for her cooperation when meeting deadlines. A special thanks to Mrs. Blair for handling our financial matters.

We have worked hard, through rain, sleet, snow, hail, tornadoes, hurricanes, duststorms, and destruction of the building we were slaving in, to put this yearbook together! We have realized the importance of memories (to those who forget) and have made an effort to portray them in this yearbook.

THE END
